“One of my favourite stays in London! I absolutely loved the location, the communication with the staff and the apartment itself. Everything was in order, all the appliances that were needed, were there. The bed was super comfortable, the view was absolutely amazing.”

“I would like to take this opportunity to thank you and your team for looking after me for well over a year now, my experience with Charles Hope has been nothing but perfect! If I was to ever work away again and your locations nearby I wouldn't hesitate. I'll also be forwarding the information to my team up north and will continue to recommend Charles Hope both professionally and personally.”

Sustainability

At Charles Hope, we recognise the importance of preserving our planet for future generations. We are committed to promoting sustainability and reducing our environmental impact. Our initiatives include:

Recycling Program

Guests are encouraged to participate in our recycling program, helping to minimise waste and promote responsible disposal.

Eco-Friendly Supplies

We prioritise using eco-friendly cleaning products and biodegradable amenities in our apartments.

Energy Efficiency

We implement energy-efficient practices throughout our properties to reduce electricity consumption.

Local Sourcing

We support local suppliers and businesses to reduce transportation-related carbon emissions.

Green Certifications

Our efforts are recognised through various green certifications, reflecting our dedication to sustainable practices.

The background image is a photograph of a modern cafe interior. On the left, there is a white kitchen counter with a black faucet and a sink. Above the counter are white cabinets. In the center, there are wooden shelves with various items like books and plants. On the right, there is a large blue sofa with several cushions. The ceiling is exposed with wooden beams and modern lighting fixtures. The overall atmosphere is warm and contemporary.
